ENTRY SUBMISSION

Each entry must be submitted with a duly filled-in submission form.

Please check the Main Category, Sub-category and Industry from the Category list on the website and select it correctly in the submission form for each submission together with the medium used.

It is important to understand why we ask for a client endorsement. The Awards are for all creative / campaigns developed between **1st September 2023 to 31st July 2024**. Therefore, we want to be sure that your entries were indeed developed during this period.

Normally, your word would have been good enough. However, we have instances in the past, where, after an agency won the award, we have received written complaints that the campaign or creative was developed much earlier and the concerned agency has misrepresented the dates. To avoid such instances, we ask your client to corroborate that the creative was developed within the stipulated period.

Only work released between **1st September 2023 to 31st July 2024** can be entered for the awards
